

Virtual Inbox Coverage

Time in EHR

12% of the workday is spent on tasks outside of clinic time.

Primary Care Physicians spend approximately 55% of their time in the EHR.

Potential Solutions for EHR Management

Scribes | Suki | Medical Coders | Chat Bots

InDoc

IBM Watson | Medical Assistants

INDOC IS THE ONLY SOLUTION FOR INBOX MANAGEMENT.

DME Requests

Prescription Requests

Lab Results

Work Notes & Letters

Radiology Results

Patient Emails

Staff Communications

Preventative Health Care

InDoc physicians can address ≥ 75% of inbox tasks.

One InDoc physician can cover up to 13 physicians.

InDoc physicians are more than 1.5x as efficient than office-based physicians due to lack of distractions.

Virtual Inbox Coverage returns approximately 240 hours per year to each physician, directly addressing work-life balance.
